#### 9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

# A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2004 - 2009.)

#### HOUSING AUTHORITY OF DANVILLE PROGRESS IN MEETING 5-YEAR GOALS SET FOR 2007

- 1. **Promote the rights of the frail elderly to remain in their own homes.** The Senior Companion Program volunteers provide meal preparation, light housekeeping, transportation and companionship to assigned frail elderly at no cost to the client. We are able to services a select group of about 35 frail elderly through the Senior Companion Program.
- 2. Collaborated with HomePlace in developing a group home for adults with multiple disabilities. HomePlace continues to operate the group home at Linietta Drive. The unit set aside at Crescent Drive for a second group home will be undergoing complete renovation to make it totally accessible. Completion for this project is expected to be around the beginning of 2008.
- 3. Provide the best affordable housing in the community to low income families by increasing occupancy rate to greater than 97%. High vacancies continue to exist at Burckley Homes (KY14-09) due to criminal activity across the street at Heather Hills. The Housing Authority of Danville is working with the police department to provide more police presence. An agreement has been signed for the police department to operate a surveillance unit directly across from Heather Hills. Additionally, the housing managers coach applicants to set funds aside so they can take the units as soon as possible instead of having to wait until payday of the beginning of the month. This will allow the family to move into the unit when it is ready, not when their check comes in.
- 4. Make energy conservation improvements to McIntyre Circle and Bate-Wood Homes using Capital Funds. The cost of the renovations will increase because of the termination of the Force Account crews. The units that have been turned over are demonstrating energy efficiency through lower utility usage. The Housing Authority of Danville has started replacing all incandescent lights with fluorescent were ever possible.
- 5. Provide avenues for family self-sufficiency through collaborative agreements with local agencies. A 4-bedroom accessible house in Linietta Homes has been leased as a group home to HomePlace for adults with mental challenges. The Danville School System has leased a unit in Burckley Homes for their No Child Left Behind program. After school programs have been established at Bate-Wood Homes through the Salvation Army and the Young Achievers program. The Head Start program at Crescent provides preschooler with social and educational skills. Any job openings are offered to public housing residents, first.
- 6. **Improving curb appeal.** Site signage and flowerbeds have been established at 7 of nine sites. Some of the residents have requested permission to maintain the flowerbeds. The housing authority provides the funds for the materials needed.
- 7. **Maintain physical assets in an efficient and cost saving way.** We are still working on revising our old methods. Budget constraints are forcing the Housing Authority to work faster, smarter, and cheaper. With the introduction of Force Account labor being used for Capital Fund improvements, we have been able to share labor where it is needed most, allowing us to work more efficiently.

8. Remain at high performer status. The Housing Authority of Danville will have to work a little harder. PHAS Score for FYE 2007 is 92.

#### B. Criteria for Substantial Deviations and Significant Amendments

#### (1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

Substantial Deviation from the 5-Year Plan and significant Amendment or Modification to the Annual Plan:

#### DEFINITION OF "SUBSTANTIAL DEVIATION" AND "SIGNIFICANT AMENDMENT OR MODIFICATION"

The Public Housing Agency Plan Final Rule requires that each Public Housing Authority must define the terms "substantial deviation" and "significant amendment or modification." In addition, these definitions must be developed in conjunction with the Resident Advisory Board and must be included in the submission of the Housing Authority of Danville's Annual Plan.

The Housing Authority of Danville has, in conjunction with the Resident Advisory Board, developed the following definitions, as required by 24 CFR 903.7(r).

"Substantial deviation" from the Agency's Five Year Plan will include: Any change to a goal or objective that is included in the Housing Authority of Danville's Five Year Plan that would have an effect on the public housing residents.

"Significant Amendment or Modification" to the Agency's Five Year or Annual Plan is defined as follows:

Changes to rent, admissions policies and to the organization of the waiting list;

Additions of new activities under a component (e.g., plan to dispose of public housing units not previously included in the Annual Plan or conversion activities);

Changes to the current Grievance or Informal Hearing Procedures;

Any regulatory changes will be made to any Public Housing Authority policies or procedures as a matter of ongoing administration and will not be considered to constitute a significant amendment or modifications for purposes of the Housing Authority of Danville's Agency Plan.
